BARKE BONOM

Barke Bonom je hrvatsko-slovenska tvrtka koja se od 2006. godine bavi zastupstvom i proizvodnjom **Alaska motornih jahti**, brodova neospornih maritimnih karakteristika, moderne i visoke tehnološke opremljenosti i prepoznatljivog retro izgleda i ugodaja. Njihovo korito je poludeplasmanskog tipa, s jakim kobilicom i dubokim V profilom, jamči potpunu stabilnost na valovima i prirodno predisponira ove jahte za sigurnu i mirnu plovidbu. Interijeri su hrvatskog potpisa, tradicijskog nautičkog ugodaja, zaodjenuti u plemenitu tikovinu. Dostupni u modelima od 42, 45 i 53 stope, u *sedan* ili *fly bridge* verziji, a svojim su privlačnim i šarmantnim izgledom osvojili hrvatsko i europsko tržište. Prepoznata kao idealan obiteljski brod, Alaska je izgradila zavidan image među najzahtjevnijim nautičarima.

Od 2009. tvrtka postaje ambasadorom za prodaju **Morgan jahti** - kulturnih brodova, visokih maritimnih karakteristika, rezerviranih za poseban krug nautičara, onih istančana i probrana ukusa, koji sebe vide uz *boutique* proizvode najfinije izvedbe i kvalitete te nedoljivo privlačnog izgleda. Od luksuznog dnevnog krstaša *Dinghy-ija* odlično smještenog u 33 stope, preko uvijek "in" Lobstera od 44 stope te 55 stope dugačkog *Fast Commutera*, ova gama svoj apsolutni vrhunac postiže u modelima *Fast Commuter* od 70, 83 i 93 stope. Brodovi su to znakovite prošlosti - nekada su ih posjedovali članovi obitelji Kennedy, Vanderbilt, Guggenheim... Već tada, a tradicija se održala i do današnjih vremena, prepoznati su kao statusni brodovi, a njihovi vlasnici oduvijek su karakterizirani kao istaknuti *trendsetteri*.

Alaska je poput doma, ugodna i topla. Potpuno obložena u tikovinu. Jednostavna je, a istodobno luksuzna, na njoj se može živjeti, može se satima, danima i mjesecima odmarati, predati se "fjaki"... Poseban je gušt na njoj ploviti, osjetiti je na teškom valovitom moru. Alaska je, uz svu svoju ljepotu, prvenstveno siguran i stabilan brod. Bočni val gotovo i ne osjeća. A uvijek čvrsto plovi naprijed.

Alaska is just like your home, comfortable and warm. It is entirely adorned with teak wood. It is simultaneously simple and luxurious. It can be your home for hours, days or months of leisure. It offers a particularly pleasurable sailing experience on heavy, wavy seas. Alaska is not only beautiful, but also a safe and stable boat. The side flow is almost imperceptible. And it is always steadily sailing ahead.
